

THE SCHOOL BONDS.

AN ADDRESS FROM THE BOARD OF EDUCATION.

Setting Forth Reasons Why the Proposed High School Should Be Located on Castelar Street and Not on Eighth and Grand Avenue.

In order to meet the tide of opposition to the school bonds which has recently threatened to overwhelm them, the City Board of Education has addressed itself to the task of preparing a manifesto. At their request the following is presented as the arguments which governed them in selecting the proposed site for the High School, on Castelar street near Sand:

To the Qualified Voters of Los Angeles City: You will be called upon to vote, on the 31st of this month, for or against issuing bonds of the city in the amount of \$200,000 for the purpose of affording additional facilities to the public schools system of the city. It is generally conceded that we need new buildings, and that the old ones should be repaired. We are now trying to house and teach nearly 7000 children, and lack of room prevents many children from attending more than half a day, as we have no places in which to put them. Some of the buildings have only to be seen and you could not help pronouncing them discreditable to such a city and community as ours, and there is hardly one that does not demand some repair, made necessary by the ordinary wear and tear.

Your Board of Education has paid attention to these matters, and is actuated solely by the public good in recommending you to vote for the issuing of these bonds. They propose to repair wherever necessary, alter where advisable, purchase new sites in proper places, and erect thereon suitable buildings. You have requested the views of this by the necessary legal notices in the newspapers. These notices have also shown you the neighborhood of the proposed sites and the estimated cost of the buildings to be erected upon each site. Further, your board has had plans made for the new buildings by many architects of successful experience in such matters, and has adopted such as seemed most suitable.

The only objection so far raised against the action of the board is the location of the High School on Castelar street, near Temple street. This location is but 1324 feet distant from Temple block.

Your board submits to you the following reasons which are good and sufficient, as it believes, in favor of this proposed site:

First—There was not any outlay of money for the site; it was owned by the city and donated by ordinance for high school purposes. The amount of ground is not too great, but is sufficient, being 129x292 feet. This property cannot be obtained elsewhere unless it be taken through a block, thus making two frontages, which would make the ground cost from \$50,000 to \$75,000, according to location, or as much as the building itself.

Second—The site is centrally located, being only a quarter of a mile from the Plaza, the geographical center of the city. It is convenient of access, being but 1324 feet or one-fourth of a mile from the junction of Main, Spring and Temple streets, where all the car lines of the city either pass or terminate. The shortest grade to Temple street is seven feet in 100, and the grade on Castelar street for a short distance is eight feet in 100.

Third—The site commands a view of the entire city, and the building can be seen from any point in the city, thus affording a landmark and an object of beauty and pride to point out to visitors.

Fourth—The location is above Sand street sewer, thereby affording an admirable opportunity for correct plumbing and sanitation.

Fifth—There is an impassable hill between this point and Sanborn town, so that the two points are as practically separated as if they were a mile apart.

Sixth—While the location is central, it will never be disturbed by business houses. It is a quiet neighborhood, surrounded by residences of the best class of people in our city.

Seventh—The city at present needs but one High-school building. When it has grown to such dimensions as to need others, this one will be so located that branches can be properly and conveniently located in East Los Angeles, on Boyle Heights, in the West End and in the South End, thereby accommodating everybody.

There has been some talk about building the High School on the lot at the corner of Grand avenue and Eighth street. Your board submits to you some good reasons for objection to this site:

First—It is impossible to use this lot for the High School. The building now on that ground has a frontage of 125 feet. The High-school building is to have a frontage of 140 feet. The lot has a frontage of 240 feet, or 25 feet less than the actual amount required for the two buildings, to say nothing of playground required for the 700 pupils who would be assembled there. The High-school building is to have a depth of 140 feet. The lot is 105 feet, which would leave but 25 feet unoccupied, or 12 1/2 feet each in front and rear.

Second—The location is one mile and a quarter from the Plaza, one mile farther than the Castelar-street site. It is four miles and one-third from the northeast corner of the city and only two miles from the southwest corner.

Third—The location is on or near but one car line. Pupils from the Main-street car line would have to pay an extra fare or walk 2000 feet from the corner of Eighth and Main streets. Those from the Second-street cable line would have to pay the extra fare or walk 3900 feet or three-quarters of a mile up Grand avenue, on a grade of 19 feet in 100 from Fifth to Second streets. From the Temple-street cable line they must walk 500 feet, or more than a mile, over the Grand-avenue route and grade, or transfer and pay the extra fare.

Fourth—The location is below the Seventh-street sewer, and could not be connected. The present Eighth-street school cannot be connected with the sewer for the same reason.

Fifth—You save \$100,000 by voting for the bonds. If you vote against the bonds, you abandon the selected site, which is easily worth \$25,000, and to purchase a new site near Grand avenue and Eighth street of the same size will cost you \$75,000, making a total loss of \$100,000.

Sixth—Should the bonds not be voted the board may be compelled by want of funds to limit the school term for the coming year to \$650, of which \$150 will go to the loser. The measure to meet at the rooms of the Southern California Athletic Club on the 26th of September next, and each man will be required to weigh in at 120 pounds or less.

Seventh—Your board asks for \$50,000 for the High School building, and

not \$200,000 as has been repeatedly misstated.

(Signed)

A. E. POMEROY, President.
CHARLES J. ELLIS, Fifth Ward.
E. J. POWERS, Ninth Ward.
E. J. COX, First Ward.
W. P. MCINTOSH, Sixth Ward.
J. J. GOSPER, Seventh Ward.
J. M. FREW, Second Ward.
Board of Education.

While I do not deem the proposed site of the proposed new High School just what or where it should be, still, as the proposed site is central and was donated by the city, and although I have never consulted as to its location in any manner whatever, still as I regard additional school facilities a public necessity, I hope and trust my friends in the Eighth and other wards will vote for and aid the school bonds on the day of election, and thus show that we love and cherish principles above and beyond prejudices and partisanship.

M. WHALING,
Of the City Board of Education.

THE CHAMBER.

It Takes Steps to Secure the Citrus Fair.

There were about 40 members of the Chamber of Commerce present in their rooms on First street yesterday afternoon at 3 o'clock in attendance upon the regular monthly meeting.

After the reading of the minutes the following were elected to membership: Hon. Stephen M. White, C. Cole, James R. Riley and John Morton.

The special committee appointed to act on the matter of the union of the Southern California Exhibit Association and the Sixth District Fair Association reported in favor of such a union of efforts. It asked for further time in the matter of the grand street parade and carnival, which was suggested at the last meeting.

Mr. Lewis offered the following resolution:

WHEREAS, the Legislature has appropriated \$5000 for a citrus fair to be held within the limits of the Sixth Congressional District at a date not yet fixed; and WHEREAS, the city of Los Angeles is the railroad center and the most natural place for such a fair, has the hotels necessary to accommodate as large a crowd of people as may attend, and has more tourist travel and sailors than any other place; therefore be it

Resolved, that the secretary be instructed to enter into correspondence with the State Board of Agriculture and to tender to them the services of the chamber in the matter, and present in a proper manner the advantages of Los Angeles for the fair.

Secretary Hewitt of the Sixth District Agricultural Fair Association explained to the board the plan of the fair to be held at the corner of Main and Temple streets, near Temple street. This location is but 1324 feet distant from Temple block.

Your board submits to you the following reasons which are good and sufficient, as it believes, in favor of this proposed site:

First—There was not any outlay of money for the site; it was owned by the city and donated by ordinance for high school purposes. The amount of ground is not too great, but is sufficient, being 129x292 feet. This property cannot be obtained elsewhere unless it be taken through a block, thus making two frontages, which would make the ground cost from \$50,000 to \$75,000, according to location, or as much as the building itself.

Second—The site is centrally located, being only a quarter of a mile from the Plaza, the geographical center of the city. It is convenient of access, being but 1324 feet or one-fourth of a mile from the junction of Main, Spring and Temple streets, where all the car lines of the city either pass or terminate. The shortest grade to Temple street is seven feet in 100, and the grade on Castelar street for a short distance is eight feet in 100.

Third—The site commands a view of the entire city, and the building can be seen from any point in the city, thus affording a landmark and an object of beauty and pride to point out to visitors.

Fourth—The location is above Sand street sewer, thereby affording an admirable opportunity for correct plumbing and sanitation.

Fifth—There is an impassable hill between this point and Sanborn town, so that the two points are as practically separated as if they were a mile apart.

Sixth—While the location is central, it will never be disturbed by business houses. It is a quiet neighborhood, surrounded by residences of the best class of people in our city.

Seventh—The city at present needs but one High-school building. When it has grown to such dimensions as to need others, this one will be so located that branches can be properly and conveniently located in East Los Angeles, on Boyle Heights, in the West End and in the South End, thereby accommodating everybody.

There has been some talk about building the High School on the lot at the corner of Grand avenue and Eighth street. Your board submits to you some good reasons for objection to this site:

First—It is impossible to use this lot for the High School. The building now on that ground has a frontage of 125 feet. The High-school building is to have a frontage of 140 feet. The lot has a frontage of 240 feet, or 25 feet less than the actual amount required for the two buildings, to say nothing of playground required for the 700 pupils who would be assembled there. The High-school building is to have a depth of 140 feet. The lot is 105 feet, which would leave but 25 feet unoccupied, or 12 1/2 feet each in front and rear.

Second—The location is one mile and a quarter from the Plaza, one mile farther than the Castelar-street site. It is four miles and one-third from the northeast corner of the city and only two miles from the southwest corner.

Third—The location is on or near but one car line. Pupils from the Main-street car line would have to pay an extra fare or walk 2000 feet from the corner of Eighth and Main streets. Those from the Second-street cable line would have to pay the extra fare or walk 3900 feet or three-quarters of a mile up Grand avenue, on a grade of 19 feet in 100 from Fifth to Second streets. From the Temple-street cable line they must walk 500 feet, or more than a mile, over the Grand-avenue route and grade, or transfer and pay the extra fare.

Fourth—The location is below the Seventh-street sewer, and could not be connected. The present Eighth-street school cannot be connected with the sewer for the same reason.

Fifth—You save \$100,000 by voting for the bonds. If you vote against the bonds, you abandon the selected site, which is easily worth \$25,000, and to purchase a new site near Grand avenue and Eighth street of the same size will cost you \$75,000, making a total loss of \$100,000.

Sixth—Should the bonds not be voted the board may be compelled by want of funds to limit the school term for the coming year to \$650, of which \$150 will go to the loser. The measure to meet at the rooms of the Southern California Athletic Club on the 26th of September next, and each man will be required to weigh in at 120 pounds or less.

Seventh—Your board asks for \$50,000 for the High School building, and

SANTA MONICA.

The Day's Gleaning's Down by the Ocean's Side.

SANTA MONICA, Aug. 14.—[Correspondence of THE TIMES.] As stated in yesterday's TIMES, Mrs. Terry, a niece of the celebrated Judge, is staying here, and the news of his untimely end this morning was a great shock to her. Intimation of what had happened was received at the Arcadia at an early hour by United States Marshal Risley, who was in the house and who received a special from Marshal Franks. Considerable excitement prevailed, and it is still the topic of the hour, as many friends of both Terry and Judge Field are at the hotel.

There is a disposition to deny the truth of the report published in THE TIMES, that a Sisters' college is to be established on the Cripple tract. The news was, however, obtained by your correspondent from Father Havens, representative of the Catholic Church here, and Mr. Crippen gives corroboration by stating that he has signed the papers closing the deal, and has sent them on to the Sisters to be franked by them.

Mrs. I. L. Requa gave a children's party at the Arcadia this afternoon that was hugely enjoyed by the little ones. Invitations had been sent far and near, and the guests were well

flocked in in an almost unbroken procession before the hour of assembly.

The tennis players are hard at work every morning and afternoon preparing for the tournament. Mr. Kenneth Carter announces that he will be unable to play.

Santa Monica was not much affected by the hot wave today, the highest temperature of the day as taken on the Arcadia porch being 79°.

Mr. and Mrs. J. P. Culver and Miss Flora Culver were at the Arcadia today, and engaged rooms for a seasonal stay.

Miss Ella Bryson is now quartered at the Arcadia.

Mr. C. R. Holmes of the cable railway was at the Arcadia today.

Mr. J. D. Swayn and family entered into possession of a tent on North Beach today.

Mrs. J. A. Newhall took apartments today at the Arcadia for a seasonal sojourn.

Mrs. W. Garber, Miss Nettie Gilbert, Miss A. W. Wheeler, Mrs. H. Flaton, Mrs. O. C. Whitney, Miss Whitney, Mrs. W. E. Hayes, J. K. Carlisle, and H. H. Rose are among the arrivals at the Arcadia today.

Mr. N. P. Coleman has returned to his Arcadia quarters.

NO LONGER A TERROR.

Modern Treatment That Cures Constipation.

According to the San Francisco dailies a remedy has been discovered that with almost unerring certainty overcomes constipation. It is the new laxative principle in Joy's Vegetable Sanaparilla. The papers are full of recent correspondence confirming its efficacy, and give place to their latest sensation, a card from San Francisco's well known lady manicure. She says: "I am willing to relate the following experience. I have for years had a weak stomach attended with constipation, and never found but one preparation that helped me and that soon worked out and lost its effect, and I was again a sufferer till I tried Joy's Vegetable Sanaparilla. It helped me in every way and has thoroughly recognized me. I had one of the most sensitive of stomachs and was in constant distress, but can with the aid of Joy's Vegetable Sanaparilla now eat and everything with my old accustomed freedom without any ailment. I am truly grateful to you for the discovery of this remedy."

AN UMPIRE MOBBED.

Lively Scenes at a Base-ball Game.

A Cleveland Crowd That Could Not Stand Crooked Work.

The Obnoxious Umpire Barely Escapes a Pounding.

Record of Yesterday's League Games—Events on the Race-track—Brilliant Speed Contests at Rochester.

By Telegram to The Times.

CLEVELAND, Aug. 14.—[By the Associated Press.] New York won principally through Powers' umpiring. In the fourth inning McAleer for Cleveland drove the ball to left field. He ran like a deer and reached second base in plenty of time. Powers, the umpire, nearly killed McAleer on the base returned to his home plate. There he was informed by Buck Ewing that McAleer had failed to touch first base, and he promptly called the runner out. The pavilion was crowded, and nearly every man in it arose at once. "Ride him on a rail," cried several, and a dozen jumped into the field and started in the direction of Powers. Three policemen with drawn clubs and all the members of the Cleveland ball team hastened forward, and by sharp talk and some force drove the indignant spectators back.

The field in the meantime was filling up, and 500 men were yelling their opinion of the umpire in a chorus, and hundreds of them were shaking their fists and brandishing their canes at him. For 10 minutes it seemed that a riot was certain, but Powers finally called the game and retired to the room under the grand stand. When he was out of sight the anger of the pavilion spectators cooled down, and on his return in a quarter of an hour, he was merely assailed with words.

The pavilion is directly opposite first base, and those occupying it saw the play that indirectly caused the row. McAleer was the first man at the bat, and the score was 2 to 3 in favor of New York. It was the fourth inning and it was sprinkling and the sky was black with clouds, and it looked as if the game would be called at the end of the next inning. The score at the end of the next inning was 3 to 0 in favor of New York.

Base hits: Cleveland, 2; New York, 8. Batteries: O'Brien, Zimmer, Welch and Ewing. Umpire, Powers. Eight innings.

PITTSBURGH, Aug. 14.—A lucky bunching of hits by the visitors, coupled with Sowers' unsteadiness, gave them the game today. The score: Pittsburgh, 10; Boston, 1. Errors: Pittsburgh, 4; Boston, 3. Batteries: Sowers, Sowers and Miller; Boston, Clarkson and Bennett. Umpire, Curry.

THE SENATORS LOSE. INDIANAPOLIS, Aug. 14.—The wild pitching of young Turner cost the Senators a game today. The score: Indianapolis, 3; Washington, 10. Errors: Indianapolis, 3; Washington, 10. Batteries: Indianapolis, Getz and Sommers; Washington, Thornton and Mack. Umpire, McQuinn.

CHICAGO, Aug. 14.—The Colts pounded Gleason all over the field today and won a game, to the surprise of the audience. Williams, who was injured in the leg in Paris on the world trip, played his first game of the season, and did well. The score: Chicago, 4; Philadelphia, 1. Errors: Philadelphia, 5; Chicago, 6. Batteries: Philadelphia, Gumbert and Farrell; Philadelphia, Gleason and Clements. Umpire, Lynch.

ASSOCIATION GAMES. CINCINNATI, Aug. 14.—Cincinnati, 7; Athletics, 3. KANSAS CITY, Aug. 14.—Kansas City, 2; Brooklyn, 3. LOUISVILLE, Aug. 14.—Baltimore, 8; Louisville, 3. ST. LOUIS, Aug. 14.—St. Louis, 0; Columbus, 13.

Sunday Games Forbidden. CINCINNATI, Aug. 14.—The Superintendent of Police having notified theatrical and base-ball managers that Sunday performances and base-ball games will not hereafter be permitted, Manager Stern today called on Mayor McCool's permission to play the remaining four games scheduled here for Sunday. The Mayor made a positive refusal, and told him that he would not permit the managers and players would be made on the spot if the games were attempted. Theatrical managers all say they will not oppose the law.

THE TURF. Fine Sport at Rochester—Events at Brighton Beach. ROCHESTER (N. Y.), Aug. 14.—[By the Associated Press.] Five thousand persons witnessed today's races. The track was very good.

In the 2:22 class, trotting (unfinished)—Globe first, York second, Appleton third, Lady Bullion fourth. Best time, 2:19 1/4. Trotting, 2:30 class, Flower City Stakes (unfinished)—Star Lily first, Sprague Gold-dust second, Tariff third, Ketch fourth. Best time, 2:20.

Trotting, 2:35 class, Fulmer Regent first, Catherine second, Jim Fuller third, Wayne Wilson fourth. Best time, 2:21 1/4. Trotting, 2:30 class, Jack first, Graylight second, Justina third, T. T. S. drawn. Best time, 2:18.

Free-for-all, pacing, Gossip Jr. first, Roy Wilkes second, Lister third, Silver Thread fourth. Best time, 2:16. BRIGHTON BEACH RACES. BRIGHTON BEACH (N. Y.), Aug. 14.—Three-fourths of a mile—Congress won in 1:51 1/4. Pandore second, Mabel third. Mile and a sixteenth—King file won in 1:52 1/4. Lancaster second, Tattler third. Six and a half furlongs—Trotter won in 1:25 1/4. Monsoon second, Gloster third. Seven-eighths of a mile—Thorn won in 1:32 1/4. Saluda second, Young Duke third. Seven-eighths of a mile—Raymond won in 1:35 1/4. Speedwell second, Maid of Orleans third. Mile and a half, hurdles—Bassano won in 2:55 1/4. Jim Murphy second, Ligero third.

AT SARATOGA. SARATOGA (N. Y.), Aug. 14.—Rain fell today, but the track was fair. Three-fourths of a mile—Sunlight won in 1:17. Humsie second, Ecstasy third. Mile—Brown Prince won in 1:55 1/4. Laura Davidson second, Bertha third. Five and a half furlongs—Tally-ho won in 1:15 1/4. Ball Mail second, Little Bell third. Mile—Vigilant won in 1:44. Kittle R. second, Eight to Seven third. Mile—Harbor Lights won in 1:42 1/4. Di-lemma second, Vermont third.

MORE JOHNSTOWN VICTIMS. JOHNSTOWN (Pa.), Aug. 14.—Four more bodies were found and removed to the morgue today. Two of them were those of women and two of children. They were all in a bad state of decomposition. One of the women was well dressed and may have been a passenger on the day express. She wore a black silk dress and had a large oval gold brooch on her collar and wore a diamond and emerald necklace. The other woman was also well dressed, and wore a plain gold ring. Engraved on the inside was "N. J. D. and M. T. M. February 23, 1870." She also wore a pin with a large rhinestone in the center and eight smaller ones around it.

DOWN AN EMBANKMENT.

A Passenger Train Wrecked—Several Persons Injured.

VINCENNES (Ind.), Aug. 14.—[By the Associated Press.] This evening at 5 o'clock the north-bound passenger train on the Fort Branch division of the Evansville and Terre Haute Railway met with an accident by the breaking down of a small bridge, 13 miles north of Mt. Vernon, which resulted in the serious injury of a dozen or more people. There were about 35 passengers on board, and the train consisted of two passenger coaches, a baggage car and a diesel locomotive. The locomotive rushed on the trestlework and got safely over, but the baggage car broke through and was thrown off the rails and turned over the bridge, falling 30 feet, while the rear coach went down the embankment. Baggage-master Burns of Henderson, Ky., was badly bruised and had one of the most remarkable escapes from a horrible death on record. When the crash occurred the safe in his car was knocked out of position and thrown against Mr. Burns. He was knocked out of the side door of the car to the ground below, fully 30 feet, where he lay stunned and unable to move. He fell in a state of depression, and his head just left rolled over him with a terrific crash. His escape from instant death was unaccountable.

Mrs. Glaze of Princeton was badly bruised and injured above the head. Mrs. Hopkins of Ridgeway, Ill., was injured internally and cut about the head and face.

EIGHT ROUNDS.

THE TURNER-GORMAN FIGHT AT FRISCO.

The Dusky Stockton Man Too Much for His Antipodean Antagonist—The Australian Knocked Out.

By Telegram to The Times. SAN FRANCISCO, Aug. 14.—[By the Associated Press.] A fight to a finish, Queensberry rules, for a purse of \$800, between Charlie Turner, the Stockton colored middleweight, and Percy Gorman of Australia, took place at the Golden Gate Athletic Club tonight, and was won by Turner after eight rounds of fierce fighting.

In the first round Paddy started in to slug, and delivered some terrible right and left-hand swings for the negro's head, which drove him against the ropes and almost over the top. Turner came up, and in a second he landed a blow on Gorman's nose. The men fought savagely for fully two seconds, Gorman punishing the negro's face, and the latter delivering heavy blows on the chin and the wind. They were parted with difficulty.

In the second round there was some of the fiercest fighting ever seen in the room of the club. Infighting occurred and Gorman smashed the negro right and left, pushing him around the ring, knocking him over the ropes and nearly senseless in his corner. The referee separated them, both groggy.

In the third round several clinches occurred, and Turner almost invariably got the best of these. Gorman was tired and the negro punished him severely in the face. The Australian had a lump over his left eye, his lips were swollen and he was apparently exhausted.

At the beginning of the fourth and during the succeeding rounds Turner feigned grogginess, but when he found an opening his blows were swift. In the fifth round, in an interchange of blows, the negro apparently dazed the Australian with a blow on the left ear, and Paddy slipped to the floor, but rose as the round ended.

In the sixth round Turner forced the fighting, driving Paddy against the ropes. The negro retaliated with left and right, and in the seventh round Gorman received some smashing blows in the face, and got in a blow on the Stocktonian's left eye, which brought him to the ropes.

In the eighth and last round Turner came up strong and drove his opponent against the ropes. Paddy swung his left in effectually, but he did not specify in what way. Copies of the indictments will be sent to Gov. Lowry with a request to issue requisitions for their arrest.

At 5 o'clock the Grand Jury handed in eight more indictments. The bills were against Frank Stevenson, who managed the fight; James W. E. Hargis, who represented Richard K. Fox; Johnny Murphy, Sullivan's bottle-holder; Dennis Butler, towel-holder and the ring builder; James Walsley and Charlie Johnson, Sullivan's backers; and G. D. Edwards, general passenger agent of the Queen and Crescent road.

BALTIMORE, Aug. 14.—Jake Kilrain was arrested this morning on arrival from Norfolk, Va., on a requisition from the Governor of Mississippi. Jake took his arrest coolly. He said: "I intended all along to give myself up, and was only waiting to see what they would do with me. I thought it better to do that than to keep dodging around the country trying to evade arrest. Unless I am released, I will come home next Friday, but I would not want to go to jail. I would have known what was done to Sullivan. Then I would know what to expect."

News of the arrest was at once telegraphed to Gov. Lowry of Mississippi. Warrants for his arrest have been in the hands of officers and they have been on the lookout for him for two weeks. Marshal Fry received a telegram from Gov. Lowry this afternoon in reply to information that Kilrain was arrested. The Governor's telegram stated that he has sent a man to Baltimore to take Kilrain to Mississippi.

RACING AT NAPA. NAPA, Aug. 14.—The attendance at the races this afternoon was about 1500. Flora Belle won the unfinished 3:4 race yesterday in 2:26 1/4. Lookout second. Valens's 2-year-old Flet trotted two heats to lower yearling record of 2:26. In the second heat she made a mile in 2:34. Trotting, 3-year-olds—Delmar won in two heats, best time 2:30. Lorensa second and money.

Pacing, 2:25 class, purse of \$500—Creole won first, second and fifth heats, Belle Button third, and Racquette the fourth heat. Best time, 2:20. Belle Button got second money, Racquette third. Trotting, 2:25 class, purse of \$1000, between Direct and Victor—in the first and third heats Direct won by a length, in the second by a neck. Best time, 2:19 1/4.

A Train-robber's Confession. SACRAMENTO, Aug. 14.—Detective Thacker was in Sacramento tonight, and said that while he was at San Quentin prison he secured a confession from Jack Gorton, convicted at Auburn last week and sentenced to 10 years' imprisonment for robbing the express train at Clippert Gap last Christmas. In his confession Gorton implicated his brother in the robbery. He also admitted that they robbed the stage in Sonoma county, for which crime he was tried and acquitted.

Works Started Up. GREENBURG (Pa.), Aug. 14.—Quietness prevails at the Hecla Works, which were started up this morning, and all men except half a dozen Hungarians reported for duty.

Lodged in Jail. WEAVERVILLE, Aug. 14.—Archibald McKennon and Erick Erickson, supposed robbers of the New River mail, were lodged in jail this morning.

LOST HIS MAN.

Detective Reilly's Adventures in Chili.

How He Captured Forger Bushnell, but Could Not Hold Him.

Because the Chilians all Stood in with the Crook.

The Prisoner Finally Escapes From the Vessel Bearing Him Homeward by Sliding Down a Rope.

By Telegram to The Times.

NEW YORK, Aug. 14.—[By the Associated Press.] Sergt. Phil Reilly's report of his unsuccessful trip back from Chili to this city without William H. Bushnell, the thief and forger, got possession of whom he fought the Chilian authorities for nine months, was submitted to the Police Board today.

The surrender, he says, was unwillingly and grudgingly made by the Chilian authorities, so much so that apprehensive of trouble, he called upon the American Legation to demand of the Chilian Minister some sort of document stating that Bushnell was a prisoner surrendered to him by process of law. But the minister refused to give such paper as he requested. Bushnell was given into his hands on July 15th, without a scrap of writing to show any authority for holding him. This was the entering wedge of treachery. The receipt for the surrender was demanded of Reilly, but nothing was given him. They were on board the steamer Imperial, one of the largest South American coasters. A great number of friends were with him, and they seemed to be everywhere and made no concealment of openly advising Bushnell to escape.

Reilly did not like the looks of things and went to the captain of the steamer with a request for protection and assistance in holding his prisoner. The captain flatly told him that he would not have Bushnell considered a prisoner, that while on board his ship he could go where he pleased.

Every officer of the ship was a friend of the prisoner, too, and also at least one passenger, one Heikman, who was on board the steamer stopped this man received a telegraphic dispatch from the Legation with the prisoner. At every point, too, Bushnell's friends came aboard in droves. They seemed to fairly overrun the country, and were loud in their demands that he should go with them and let the American detective go home alone.

At Talca, the last stopping place before Iquique, the Governor of the province came on board with others and added his importunities to Bushnell and his captives. The pitifulty of the prisoner to the thief. Bushnell, however, refused to accept the offer. At Iquique Bay the friends of Bushnell came on board and the next morning there were more than a hundred of them on board the vessel. Reilly obtained from the captain a permit to take the prisoner to the mainland, and he was helped by a man to help him look after a prisoner. Both of them kept a sharp eye on the movements of Bushnell.

The prisoner remained apparently inflexible in his determination to come to New York, and his friends were getting ready to leave the steamer. The vessel had weighed anchor and was about to proceed, when Bushnell went to a closet at the stern of the vessel on the middle deck. Two minutes later, when he was missing, a thorough search was made of the steamer, but he could not be found. There was nothing left for the detective but to proceed to the next port.

From one of the deck hands it was learned during the voyage that Bushnell had been seen sliding down the stern of the steamer at Talca, and he was helped by a staff by one of the ship's officers. Under the overhanging stern was a four-oared boat waiting for him, into which he sprang and was rowed ashore, while the steamer proceeded on her way.

At the next port Reilly had to wait four days for the next steamer to a big city, and he went on to Lima and saw the authorities, but all hope of capturing the prisoner under the circumstances was in vain. Reilly, however, was not empty-handed. Reilly says there was from the first a regular conspiracy to rescue the prisoner, and that the captain and officers were in the conspiracy.

After the prisoner's escape the passenger Rickelman demanded the prisoner's bag, and Reilly refused to give it up. On the following day it was surrendered by order of the captain. Bushnell is now supposed to be in Bolivia, with which country the United States has no treaty.

THE BLYTHE CONTEST.

A Los Angeles Witness on the Stand.

SAN FRANCISCO, Aug. 14.—[By the Associated Press.] The principal witness in the Blythe case today was Mrs. Elizabeth McEllean of Los Angeles, but formerly keeper of a boarding-school at Northenden, Eng'nd.

She testified that in 1883 Florence was brought to her school, and she identified Florence, having seen her at the school. Mrs. Malvina Kilrain testified that Blythe told her he had a daughter in England. John A. Roach, in his answer to the suit of James C. Roach, testified that Blythe's estate, says that he has turned over to the plaintiff \$150,000 worth of property which was in the hands of Philip George, deceased, as Public Administrator. He prays that the accounts be approved.

THE REPUBLICAN CLUBS.

SARATOGA, Aug. 14.—The last official session of the Executive Committee of the National League of Republican Clubs was held today. The principal topic of discussion today was the plan of holding the next convention. It was proposed to get up excursions for delegates and make a tour of the South, stopping at towns along the route, and have the delegates elected by the people. Grover and Maj. McKinley, Gen. Woodford and others have already been elected to the convention. It was proposed to get up excursions for delegates and make a tour of the South, stopping at towns along the route, and have the delegates elected by the people. Grover and Maj. McKinley, Gen. Woodford and others have already been elected to the convention.

APPOINTED.

WASHINGTON, Aug. 14.—The Secretary of the Treasury has appointed his storekeepers and buyers E. A. Avery, George Kroner and Albert Hart in the Fourth California District.

GROVER'S OUTING.

NEW BEDFORD (Mass.), Aug. 14.—Ex-President Cleveland and wife, having had their outing, will return to New York tomorrow.

SHETLAND PONY SALE.

John W. Gardner, 212 South Spring street, Los Angeles, will hold an annual public sale of Shetland and Scotch ponies, together with some strictly first-class road horses, both for double and single driving, and saddle. Mr. Gardner is quite extensively engaged in raising ponies and road horses on his ranch at Santa Ana, and has brought to the city some very fine stock, which he is having carefully broken for driving and saddle, so that they will be perfectly safe for handling by ladies or children. The ponies are little beauties; no better can be found in any country, and all of imported stock. The sale will take place at 10 o'clock, next Thursday, 15th inst., and will be conducted by the popular auctioneer, Ben O. Rhodes, 119 West Second street, Los Angeles. Terms of sale: Cash, or time not to exceed six months, in negotiable paper at 10 per cent. This is the time to get a good pony for family use. Ladies are especially invited. Seats will be provided.

OFF THEIR RESERVATION.

Uses Again Committing Depredations in Utah.

GLENWOOD SPRINGS (U. T.), Aug. 14.—[By the Associated Press.] It is reported that the Indians are moving east, and that they were seen at the head of Elk Creek yesterday. From reports their objective point is the old hunting ground near White River. That no step has been taken to head them off and send them back where they belong is wondered at. Should no attention be taken by the officials, private parties are planning a raid on the red marauders, and a lively skirmish will result.

The game is fast disappearing before their reckless slaughter, and indignant settlers who are hounded about by the law when they kill enough to eat are asking why the Indians are allowed to roam. From the concentration of old muskets and the reckless purchase of ammunition it looks as if a campaign had already been planned for the extermination of the Utes.

FLOODED BY A CLOUDBURST.

PATTERSON (N. J.), Aug. 14.—A terrific cloudburst occurred here this morning. Streets were washed out, cellars flooded and sewers choked so that the water sprouted out of the manholes to a height of 10 feet. Sidewalks were washed away and a woman was swept several blocks toward the river before she was rescued by three men. In some places the water in the streets was four feet deep.

AFFAIRS ABROAD.

SENTENCE PRONOUNCED ON GEN. BOULANGER.

The British Tory Majority Makes an Important Concession to the Liberals—Bismarck's Conciliatory Talk, Etc.

By Telegram to The Times.

PARIS, Aug. 14.—[By Cable and Associated Press.] The Senate Court found Count Dillon and Henri Rochefort guilty as accomplices of Boulanger in a felonious attempt against the safety of the State. It was decided by a vote of 100 to 77 that the charges in the indictment against the accused, in connection with the Presidential crisis in 1887, constituted treasonable attempts.

Senator Campenon argued that a charge of embezzlement against Boulanger had been proved. The court then sentenced Boulanger, Dillon and Rochefort to be confined in a fortified place.

After the announcement of the sentence the court adjourned in order to frame the text of a decree of sentence, which will be voted upon in secret session and read at the following day.

The Republican group of the Senate adopted resolutions requesting the Government to enforce the decree after the court has disposed of the case. The majority of the absence of some of the ministers and demanding that steps be taken against all of the officials implicated in the case.

BOOTHING STATEMENTS.

Germany Will Not Quarrel With England Over Egypt.

BERLIN, Aug. 14.—[By Cable and Associated Press.] The North German Gazette, Bismarck's organ, referring to the impending meeting of the German Colonial Company, says any protest against the action of that body will be regarded as an insult to the German Empire.

England's friendship is of more value to Germany than all the expedition could obtain on the Upper Nile. If Dr. Peters intends to object to the German expedition, he will be regarded as an enemy of the German Empire. The expedition is not a political one, but a commercial one, and it is not the business of the German Empire to interfere with it.

IN THE COMMONS. An Important Concession by Tories to Liberals. LONDON, Aug. 14.—[By Cable and Associated Press.] Attorney-General Webster announced in the House of Commons this evening that the Government had decided to amend the Tithes Bill by accepting the opposition's proposal to make landlords, instead of occupiers, liable for payment of tithes. The announcement was greeted with cheers by the Liberals.

Sir William Vernon Harcourt expressed his gratification. This announcement, he said, proved that the patience and exertions of opposition had not been in vain. The Government's decision was equivalent to the introduction of a new bill. (Cheers.) The principle of the Tithes Bill had been contending had been recognized.

THE WEATHER.

SIGNAL OFFICE, LOS ANGELES, Aug. 14.—At 5:07 p.m., the barometer registered 30.01; at 5:07 p.m., 30.00. Thermometer for corresponding periods, 68, 87. Maximum temperature, 93; minimum temperature, 63. Weather, partly cloudy.

TEETH FILLED WITHOUT PAIN.

By applying our Dentine Anesthetic to the teeth we can fill the most sensitive teeth without pain. Gold and porcelain fillings of all kinds made to order. Only first-class work done. A lady dentist in attendance. Dr. J. B. Edmonds, dentist, Bryn Mawr, Pa., 301 South Spring street.

BUSINESS.

Money, Stocks and Bonds.
By telegraph to the money market.
New York, Aug. 14.—Money on call easy at 2 1/4 per cent; last loan 3.
Prime mercantile paper, 4 1/2 to 5.
Sterling exchange, dull but steady; 90-day bills, 4 1/4; demand, 4 1/2.
American cotton oil, 85 1/2.
Government bonds, dull and steady.
New York, Aug. 14.—The stock market was again extremely dull. There was an attempt to carry yesterday's reaction still farther, and in some instances fractional impressions were made upon prices. The movements were, in all except half a dozen stocks, confined to the smallest fractions, and dealers almost throughout the entire day were barren of a feature of importance. The close was dull but firm at close to the opening prices for most of the list. Final changes are for slight fractions only. Chicago and East Illinois is up 1 per cent.

May, 83.15 to 83.70; June, 83

THE CITY IN BRIEF.

The young Morris Vineyards defeated the Little Diamonds, yesterday, by a score of 15 to 5.

In a few weeks a new horticultural and agricultural paper will be started in this city by an eastern-man of prominence.

The funeral of Giacomo Justoni will take place at 3 o'clock this afternoon, under the auspices of Los Angeles Lodge No. 42, F. and A. M.

Next Sunday evening at Turnverein Hall, German citizens will hold a meeting to discuss the sewer-bond question. The meeting has been called by the Literary Committee of the Turnverein Society.

The Central W.C.T.U. will meet tomorrow at 2:30 p.m. in the Temperance Temple, and a gospel temperance meeting will be held in the same place Saturday evening, led by Mrs. Southwick.

It was reported on the streets yesterday that an outrage had been committed upon the wife of a patent medicine man in an old barn near Downey by a gang of toughs, but the officers have heard nothing of the affair.

Several important oil strikes have been made in Tarry Cañon recently. Well No. 2 is turning out 75 barrels a day, and Well No. 1, only 1000 yards south of No. 2, is turning out 40 barrels a day, which shows that oil is plentiful. The oil supply is greater than ever before.

The proprietor of a saloon on Commercial street made some capital yesterday by exhibiting a brace of old-fashioned French pistols, which he claimed to be the ones with which the famous Terry-Broderick duel was fought. A gentleman who saw one of the real pistols in the possession of Judge Terry scouts the claim of the saloon man.

Rev. William H. Pendleton, D.D., proposes to establish a new Baptist enterprise in Los Angeles. He will preach next Sunday in Grand Opera-house Hall at 11 a.m. and at 7:45 p.m. He invites all Baptists not members of either of the Baptist churches of the city to unite with him in the contemplated mission.

Two small fights took place late yesterday afternoon. One of them was between a couple of railroad men over a dice game in a saloon on First street. They were arrested by Officers Jeffries and O'Brien, and taken to the police station, when they were released on cash bail. The other fight was between two Frenchmen on Alameda street. They were arrested by Officers Appel and Shannon. No damage was done in either case.

PERSONAL NEWS.

Thomas Gregory, Tempe, Ariz., and Henry B. Kimp of Phoenix, Ariz., are at the Hollenbeck.

Mrs. L. Brown and Mrs. A. Reed of San Francisco were guests of the Hollenbeck yesterday.

E. H. Bagland, a well-known contractor of the city, left for Spokane Falls yesterday, to lend his assistance in rebuilding that burned city.

James P. Jones, John A. Kooker, E. H. Mills, T. B. Hartwell, E. C. Hickman, G. A. Cartwright and M. D. Hamilton of San Diego were guests of the Hollenbeck yesterday.

Mrs. Magdalena Moore, Mrs. G. A. O'Neil, Mrs. H. C. Pinar of Santa Barbara and Mrs. L. T. Kern of Northport were registered at the Hollenbeck yesterday.

WEST END.

A Lively Contest on the Sewer Bond Question.

The 50 chairs belonging to the West End Board of Trade-room at the corner of Temple and Metcalf streets was pretty well filled last evening, President Register presiding. A sewer debate was the feature of the evening, the precipitating cause being majority and minority reports from the Committee on Sewers.

The Committee on Streets was instructed to confer with the Mayor, to ascertain the present whereabouts and condition of the ordinance for the re-grading of Temple and side streets.

The report upon the sewer matter were then heard. The majority report, a long and carefully drawn document, signed by C. M. Wells, Henry L. Finney and M. Saunders, favored a good sanitary city system of sewers, the farming out of the sewage for irrigation purposes, and opposed the outfall sewer as too previous. The minority report, bearing the signatures of Julius Lyons and J. M. Frew, was a general plea for the doing of something to keep up the reputation of the city. After considerable discussion the minority report, favoring the outfall sewer, was adopted, half of those present not voting.

C. E. Daily, of the Committee on Education, offered a preamble and resolution favoring the location of the High School building on lots already selected on Catalina street, near Sand, the location being generally satisfactory, as well as slightly central, and it being impossible to sell the lots or use them for any other purpose.

The report, with a request for verbatim publication, was adopted by a general vote. Many complaints of lack of water, during the last few days, were made, and the proper committee was instructed to look into the matter vigorously.

An effort will be made today to obtain the Second-street Park, which it is understood may be had on reasonable terms for public grounds.

Frank M. Kelsey, of the firm of Bryan & Kelsey, notary public and conveyancer, 17 North Spring street.

If you want a pair of fine Shetland ponies attend Gardner's sale this afternoon at 1 o'clock on cable line, Benton Stable, Boyle Heights.

FRANK'S is the purest and best soap ever made.

A First-class Investment. Ex-Mayor Wm. H. Workman has a few choice business lots for sale on First street, between the Cable Railway Company's powerhouse and the top of the hill. Call on T. E. Rowan, 114 North Spring street, for price.

Notice of Removal.

The Los Angeles Gas Company has removed its office from 236 North Main street to the basement of Bryson-Bonebrake block, corner Spring and Second streets.

Novel.

A little package of concentrated Soup (five plates) for 15c at H. Jerve's.

GO AND SEE the elegant lots which ex-Mayor Workman is offering for sale at greatly reduced prices in his beautiful park on Boyle avenue. T. E. Rowan, agent, 114 North Spring street.

BOYLE HEIGHTS has a beautiful water supply, a magnificent climate, and offers such inducements to the business men of the city by way of quick transit they cannot overlook.

BRIGHT EYES, healthy complexion and a vigorous system result from using Angostura Bitters. Sole manufacturers, Dr. J. G. B. Stewart & Sons.

FANCY ELEGANT CHERRY BUTTER at H. Jerve's.

PEOPLE'S STORE.

OUR DESIRE IS TO GIVE MUCH FOR LITTLE.

We Deal Only in Successes and Never Do Anything by Halves

—What Is Worth Doing Is Worth Doing Well.

PEOPLE'S STORE.

LOS ANGELES, AUG. 15, 1889. Our ardent desire to give much for little money is constantly getting us in hot water. No sooner have we served the public with our sale than we are again hunting up material for another success, for we have only successes.

We never do anything by halves, for we are earnest believers in "what's worth doing is worth doing well"; therefore, we throw our whole soul, our every effort, to make the undertaking a success, and they are, consequently, huge successes.

We do not claim to be smarter than others, we do not claim to be keener or brighter than merchants in general, but we do claim that we were taught in our youth to be active, industrious and painstaking; these qualities we embody in our business and, consequently, our success, if any, is in no measure a matter of sheer luck.

In this matter for trade all have an equal chance, all have a right to compete, and if they fail to succeed there is something wrong, either in method, attention or application.

Today we present our 8-cent sale for your earnest approval. It's one of our best efforts for your kind approbation. The values are great, the assortment large, the quantities prime, the quantities limited, therefore it behooves you to come early in the day, for we hate to tell you "this or that item is all sold" far worse than you desire to hear it.

Two pairs men's Socks, each 9c
Men's fine Cotton, all styles, each 9c
Men's Suspenders, elastic webbing, per pair 9c
